

PORTABLE SMART SPEAKER

Please read and keep all safety, security, and use instructions.

CE Bose Corporation hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU and all other applicable EU directive requirements. The complete declaration of conformity can be found at: www.Bose.com/compliance

UK CA This product conforms to all applicable Electromagnetic Compatibility Regulations 2016 and all other applicable UK regulations. The complete declaration of conformity can be found at: www.Bose.com/compliance

Bose Corporation hereby declares that this product is in compliance with the essential requirements per Radio Equipment Regulations 2017 and all other applicable UK regulations. The complete declaration of conformity can be found at: www.Bose.com/compliance

Important Safety Instructions

1. Make sure the connector port is fully dried out before charging.
2. Do not charge the speaker when wet.
3. Only use attachments/accessories specified by the manufacturer.
4. Refer all servicing to qualified personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Contains small parts which may be a choking hazard. Not suitable for children under age 3.

This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.

- Keep the product away from fire and heat sources. Do NOT place naked flame sources, such as lighted candles, on or near the product.
- Do NOT make unauthorized alterations to this product.
- Do NOT use a power inverter with this product.
- Do not use any charger other than that specifically provided for use with the product.

仅适用于 2000m 以下地区安全使用

Use at altitude less than 2000 meters only.

- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).
- The product label is located on the bottom of the product.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by Bose Corporation could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules and with ISSED Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment should be installed and operated with a minimum distance of 20 cm between radiator and your body.

This device for operation in the band 5150 – 5250 MHz is only for indoor use to reduce the potential for harmful interference to other co-channel systems.

CAN ICES-3(B)/NMB-3(B)

For Europe:

Frequency bands of operation 2400 to 2483.5 MHz, 5150 to 5350 MHz, and 5470 to 5725 MHz.

Maximum transmit power less than 20 dBm EIRP.

Maximum transmit power is below regulatory limits such that SAR testing is not necessary and exempt per applicable regulations.

This device is restricted to indoor use when operating in the 5150 to 5350 MHz frequency range in all EU Member States listed in the table.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

Management Regulation for Low-power Radio-frequency Devices

Article XII

According to "Management Regulation for Low-power Radio-frequency Devices" without permission granted by the NCC, any company, enterprise, or user is not allowed to change frequency, enhance transmitting power or alter original characteristic as well as performance to an approved low power radio-frequency devices.

Article XIV

The low power radio-frequency devices shall not influence aircraft security and interfere legal communications; If found, the user shall cease operating immediately until no interference is achieved. The said legal communications means radio communications operated in compliance with the Telecommunications Act.

The low power radio-frequency devices must be susceptible with the interference from legal communications or ISM radio wave radiated devices.

DON'T attempt to remove the rechargeable lithium-ion battery from this product. Contact your local Bose retailer or other qualified professional for removal.

Removal of the rechargeable lithium-ion battery in this product should be conducted only by a qualified professional. Please contact your local Bose retailer or see products.bose.com/static/compliance/index.html for further information.

Product Power State Table

The product, in accordance with the Ecodesign Requirements for Energy Related Products Directive 2009/125/EC and the Ecodesign for Energy-Related Products and Energy Information (Amendment) (EU Exit) Regulations 2020, is in compliance with the following norm(s) or document(s): Regulation (EC) No. 1275/2008, as amended by Regulation (EU) No. 801/2013.

Required Power State Information	Power Modes	
	Standby	Networked Standby
Power consumption in specified power mode, at 230V/50Hz input	$\leq 0.5 \text{ W}$	Wi-Fi®, Bluetooth® $\leq 2.0 \text{ W}$
Time after which equipment is automatically switched into mode	$< 2.5 \text{ hours}$	$\leq 20 \text{ minutes}$
Power consumption in networked standby if all wired network ports are connected and all wireless network ports are activated, at 230V/50Hz input	N/A	$\leq 2.0 \text{ W}$
Network port deactivation/activation procedures. Deactivating all networks will enable standby mode.	<p>Wi-Fi®: Deactivate by pressing and holding the Play/Pause button ▷ and Bluetooth button ⌘ simultaneously for at least 5 seconds. Repeat to activate.</p> <p>Bluetooth®: Deactivate by clearing the pairing list by pressing and holding the Bluetooth® button for 10 seconds. Activate by pairing with a Bluetooth source.</p>	

External Power Supply Technical Information

The external power supply provided with the product, in accordance with the Ecodesign Requirements for Energy Related Products Directive 2009/125/EC, is in compliance with the following norms(s) or documents(s): Commission Regulation (EU) 2019/1782.

Manufacturer	Bose Products B.V.
Commercial registration number	36037901
Address	Gorslaan 60 1441 RG Purmerend The Netherlands
Model identifier	F5V-3C-TC-WW
Input voltage	100V-240V
Input AC frequency	50Hz/60Hz
Output voltage	5V DC
Output current	3A
Output power	15W
Average active efficiency	82.3%
Efficiency at low load (10%)	76.0%
No-load power consumption	0.07W

廢電池請回收

Please dispose of used batteries properly, following local regulations. Do not incinerate.

Bose Portable Smart Speaker

Power supply*

Power cord

AC power adapters*

* The power supply and AC power adapters provided may vary. Use the power adapter for your region. Depending on the region you purchased the product in, your power supply may not be compatible with the power adapters provided for other regions.

NOTE: If any part of the product is damaged, don't use it. Contact your authorized Bose dealer or Bose customer service.

Visit: worldwide.Bose.com/Support/PHS

CONNECTED TO WI-FI

When connected to a Wi-Fi network, the speaker has access to all of the features including voice control, Bose app connectivity and music browsing, and synchronization with other speakers.

To learn more about the Bose app, see page 17.

NOT CONNECTED TO WI-FI

When a Wi-Fi network is unavailable, the speaker is a *Bluetooth* speaker. *Bluetooth* wireless technology lets you stream music from mobile devices such as smartphones, tablets, and laptop computers.

To connect a device to the speaker using *Bluetooth* technology, see page 30.

RECOMMENDATIONS

- Do NOT place the speaker on top of audio/video equipment (receivers, TVs, etc.), or any other object that may generate heat. Heat generated by these items may result in poor speaker performance.
- Do NOT place any objects on top of the speaker or in front of the speaker.
- To avoid interference, keep other wireless equipment 1 – 3 ft (0.3 – 0.9 m) away from the speaker.
- Place the speaker outside of and away from metal cabinets and direct heat sources.
- Place the speaker so that the rubber base is on a stable and level surface.
- When using *Bluetooth* technology, place your mobile device within 30 ft (9 m) of the speaker, and make sure there is a clear line of sight between you and the speaker. Moving your device farther away, or not having a clear line of sight may impact sound quality, and your device may disconnect from the speaker.

CAUTIONS:

- Stand the speaker on its base. Standing the speaker on any other side may cause damage to the speaker and affect sound quality.
- Avoid placing the speaker on wet or dirty surfaces.

RECOMMENDATIONS

The speaker is rated IPX4. It is designed to be splash resistant but isn't meant to be submerged under water.

CAUTIONS:

- Do NOT place this speaker in the shower.
- Do NOT submerge this speaker in water.
- Never attempt to charge the speaker while it is wet. Doing so may cause damage to the speaker.

The Bose app lets you set up and control the speaker from any mobile device such as a smartphone or tablet.

Using the app, you can stream music, set and change presets, add music services, explore internet radio stations, configure Google Assistant or Amazon Alexa, and manage speaker settings.

NOTE: If you have already created a Bose account in the Bose app for another product, see “Add the speaker to an existing account” on page 18.

DOWNLOAD THE BOSE APP

1. On your mobile device, download the Bose app.

2. Follow the app instructions.

ADD THE SPEAKER TO AN EXISTING ACCOUNT

To add your Bose Portable Smart Speaker, open the Bose app and add your speaker.

CONNECT TO A DIFFERENT WI-FI NETWORK

Connect to a different network if your network name or password has changed, or if you want to change or add another network.

1. On the speaker, press and hold the Volume down button — and the Play/Pause button ▷|| until the light ring glows amber on the top and bottom.
2. On your mobile device, open your Wi-Fi settings.
3. Select Bose Portable Smart Speaker.
4. Open the Bose app and follow the app instructions.

NOTE:

- If the app doesn't prompt you for setup, go to the My Products screen and add your speaker.
- When connected to Wi-Fi, your speaker has access to voice control and all other features offered in the Bose app.

RECONNECT TO A WI-FI NETWORK

The speaker will automatically reconnect to a known Wi-Fi network if the speaker is powered on, and in range of the Wi-Fi network.

NOTE: The speaker stores up to 8 different Wi-Fi networks in the order they were last used.

POWER ON

Press the Power button .

A voice prompt announces the battery level.

POWER OFF

Press and hold the Power button  until the power light turns off.

NOTES:

- If the speaker isn't connected to a Wi-Fi network, streaming audio with *Bluetooth* technology, or charging, it transitions to network standby automatically after 20 minutes of inactivity.
- If Wi-Fi hasn't been set up using the Bose app, press the Power button once to power off the speaker.

NETWORK STANDBY

The speaker transitions to network standby when audio has stopped and you have not pressed any buttons or accessed your voice assistant for 20 minutes.

To wake the speaker from network standby:

- Press any button on the speaker.
- Play or resume audio using your mobile device or using the Bose app.
- Talk to your voice assistant.

NOTE: To access your voice assistant in network standby, set it up using the Bose app and turn on the microphone (see page 17).

SPEAKER FUNCTIONS

Speaker controls are located on the top of the speaker.

TIP: You can also control the speaker using the Bose app.

Media playback and volume

FUNCTION	WHAT TO DO
Play/Pause	Press ▷ . When audio is paused, two lights on the top and two lights on the bottom of the light ring glow white.
Skip forward	Double-press ▷ .
Skip backward	Triple-press ▷ .

FUNCTION	WHAT TO DO
Increase the volume	<p>Press +.</p> <p>The light ring fills clockwise.</p> <p>NOTE: To quickly increase the volume, press and hold +.</p>
Decrease the volume	<p>Press -.</p> <p>The light ring fades counter-clockwise.</p> <p>NOTE: To quickly decrease the volume, press and hold -.</p>

VOICE ASSISTANT CONTROLS

You can use the Action button  and Microphone off button  to control Google Assistant (see page 25) or Amazon Alexa (see page 28).

VOICE ASSISTANT OPTIONS

You can program the speaker to quickly and easily access Google Assistant or Amazon Alexa.

NOTE: Google Assistant and Amazon Alexa aren't available in certain languages and countries.

OPTIONS	HOW TO USE
Google Assistant	Use your voice and/or the Action button ○ (see page 25).
Amazon Alexa	Use your voice and/or the Action button ○ (see page 28).

NOTE: You can't set the speaker to access Google Assistant and Amazon Alexa at the same time.

SET UP YOUR VOICE ASSISTANT

Before you begin, make sure your mobile device and the speaker are connected to the same Wi-Fi network.

To set up your voice assistant, use the Bose app. You can access this option from the Settings menu.

NOTE: When setting up your voice assistant, make sure you use the same audio service account that you used in the Bose app.

ACCESS GOOGLE ASSISTANT

With your Bose Portable Smart Speaker, talk to Google to easily enjoy music at home; you can play your favorite music, control volume and find information about the song that you are listening to, hands-free. You can also plan your day, set alarms and control smart devices around your home -- just by using your voice.

For more information about what Google Assistant can do, visit:

<https://support.google.com/assistant>

NOTES:

- Google Assistant isn't available in certain languages and countries.
- For more information about playing audio with Google Assistant, see page 27.

Use your voice

Start with "Hey Google," then say:

THINGS TO TRY	EXAMPLES OF WHAT TO SAY
Enjoy entertainment	Play some music
Plan your day	What's on my calendar today?
Manage tasks	Set an alarm for 7am tomorrow
Control your home	Turn on the lights
Get answers	What's the latest news?
Get things done	Remind me to buy milk tonight
Try fun things	Tell me a fun fact

Use the speaker controls

You can use the Action button  and Microphone off button  to control Google Assistant. They are located on the top of the speaker.

THINGS TO TRY

WHAT TO DO

Talk to Google Assistant	Press  then say your request. For a list of things to try, visit: https://support.google.com/assistant
Stop alarms and timers	Press  .
Stop Google Assistant	Press  .
Turn the microphone on/off	Press  . When the microphone is off, the light above the Microphone off button  glows solid red, and you can't access Google Assistant.

PLAY MUSIC WITH GOOGLE ASSISTANT

Ask Google to play music from your default audio service or from a specific audio service.

Start with "Hey Google," then say:

THINGS TO TRY	EXAMPLES OF WHAT TO SAY
Play music	Play some music. NOTE: Google Assistant uses your default audio service. If you hear an error message, you may need to change your default audio service. To change this setting, use the Google Assistant app.
Control your speaker	Turn up the volume.
Play from a specific audio service	Play NPR on TuneIn NOTE: Google Assistant doesn't support all audio services.
Play on a specific speaker	Play some jazz on the living room speakers NOTE: Make sure you say the speaker name you assigned in the Bose app. If multiple speakers have the same name, use the name assigned in the Google Assistant app or change the name in the Bose app.

Choose a default music service

During initial setup for Google Assistant, the Google Assistant app prompts you to select a default audio service. When asking Google to play music on Bose products, only Pandora and Spotify are supported default services. Although other audio services are listed as available during setup, they are not supported.

For the best experience, choose Pandora or Spotify as your default audio service. If you choose an unsupported audio service, you hear an error message when requesting to play audio.

ACCESS ALEXA

The speaker has Amazon Alexa Built-in. With Alexa, you can ask to play music, hear the news, check the weather, control smart home devices, and more. Using Alexa on your speaker is as simple as asking. Just ask or use the Action button  and Alexa responds instantly.

For more information about what Alexa can do, visit:
<https://www.amazon.com/usealexa>

NOTE: Alexa isn't available in certain languages and countries.

Use your voice

THINGS TO TRY	EXAMPLE OF WHAT TO SAY
Talk to Alexa	Alexa, what's the weather?
Play audio	Alexa, play Beethoven. NOTE: Amazon Music is set as the default music service. To change the default music service, use the Alexa app.
Control volume	Alexa, turn the volume up.
Play from a specific audio service	Alexa, play NPR on TuneIn. NOTE: Amazon Alexa doesn't support all audio services.
Play on a specific speaker	Alexa, play funk in the living room. NOTE: Make sure you say the speaker name you assigned in the Bose app. If multiple speakers have the same name, use the name assigned in the Alexa app or change the name in the Bose app.
Skip to the next song	Alexa, next song.
Set a timer	Alexa, set a timer for 5 minutes.
Discover more skills	Alexa, what new skills do you have?
Stop Alexa	Alexa, stop.

Use the speaker controls

The Action button  and Microphone off button  are used to control Alexa. They are located on the top of the speaker.

Microphone off button

THINGS TO TRY

WHAT TO DO

Talk to Alexa	Press  then say your request. For a list of things to try, visit: https://www.amazon.com/usealexa
Stop alarms and timers	Press  .
Stop Alexa	Press  .
Turn the microphone on/off	Press  . NOTE: When the microphone is off, and the light above the Microphone off button  glows solid red, you can't access Alexa.

Bluetooth wireless technology lets you stream music from mobile devices such as smartphones, tablets, and laptop computers. Before you can stream music from a device, you must connect your device to the speaker.

USING *BLUETOOTH* ONLY (NO WI-FI)

When your speaker is disconnected from Wi-Fi, you only have access to the *Bluetooth* functions of the speaker. To connect your mobile device using *Bluetooth* technology, see page 30.

NOTE: When using *Bluetooth* technology only, you don't have access to a voice assistant or the features in the Bose app.

CONNECT A MOBILE DEVICE

1. Press and hold the *Bluetooth* button .

You hear a tone and the light ring pulses blue.

2. On your device, turn on the *Bluetooth* feature.

TIP: The *Bluetooth* menu is usually found in the settings menu on your mobile device.

3. Select your speaker from the device list.

TIP: Look for the name you entered for your speaker in the Bose app. If you didn't name your speaker, the default name appears.

Once connected, you hear a tone and the light ring glows solid blue on the top and bottom then fades to black. Your speaker's name appears in the mobile device list.

DISCONNECT A MOBILE DEVICE

Use the Bose app to disconnect your mobile device.

TIP: You can also use *Bluetooth* settings to disconnect your device. Disabling the *Bluetooth* feature disconnects all other devices.

RECONNECT A MOBILE DEVICE

1. Press the *Bluetooth* button ⌘.

NOTE: Make sure the *Bluetooth* feature is enabled on your mobile device.

2. Play audio on the connected mobile device.

CONNECT AN ADDITIONAL MOBILE DEVICE

You can store up to eight devices in the speaker device list.

NOTE: You can play audio from only one device at a time.

1. Press and hold ⌘ until the light bar pulses blue.
2. On your mobile device, select the speaker from the device list.

NOTE: Make sure the *Bluetooth* feature is enabled on your mobile device.

CLEAR THE SPEAKER DEVICE LIST

1. Press and hold ⌘ for 10 seconds until the light ring pulses blue twice on the top and bottom.
2. Delete the speaker from the *Bluetooth* list on your device.

All devices are cleared, and the speaker is ready to connect (see page 30).

The speaker is capable of playing AirPlay 2 audio, which allows you to quickly stream audio from your Apple device to the speaker or multiple speakers.

NOTES:

- To use AirPlay 2, you need an Apple device running iOS 11.4 or later.
- Your Apple device and speaker must be connected to the same Wi-Fi network.
- For more information about AirPlay, visit: <https://www.apple.com/airplay>

STREAM AUDIO FROM THE CONTROL CENTER

1. On your Apple device, open the Control Center.
2. Touch and hold the audio card in the top-right corner of the screen, then the AirPlay icon .
3. Select your speaker or speakers.

STREAM AUDIO FROM AN APP

1. Open a music app (like Apple Music), and select a track to play.
2. Tap .
3. Select your speaker or speakers.

CHARGE THE SPEAKER

NOTE: For best results, make sure to use the power supply and power cord provided with the speaker. Other power supplies and power cords may charge the speaker more slowly or take a long time to power on the speaker when the battery is discharged.

1. Connect the power cord to the power port on the speaker.

2. Connect the power cord to the power supply.
3. Plug the power supply into an AC (mains) power outlet.

NOTE: If necessary, attach the AC power adapter for your region to the power supply. Depending on the region you purchased the product in, your power supply may not be compatible with the power adapters provided for other regions.

The speaker powers on and the power light starts to blink white.

CAUTION: Do NOT attempt to charge the speaker while it is wet. Doing so may cause damage to the speaker.

Charge the speaker using the Bose Portable Smart Speaker Charging Cradle

You can charge the speaker on the Bose Portable Smart Speaker Charging Cradle. To purchase the charging cradle, contact your authorized Bose dealer.

Visit: worldwide.Bose.com/Support/PHS

CHECK THE BATTERY LEVEL

Press the Power button  when the speaker is on and not playing audio.

A voice prompt announces the battery level.

TIP: You can also check the battery level using the Bose app.

The LED light ring located on the top of the speaker shows the speaker status.

WI-FI STATUS

Shows the Wi-Fi connection status of the speaker.

LIGHT RING ACTIVITY	SYSTEM STATE
<p>Pulsing white on top and bottom</p> 	<p>Connecting to Wi-Fi</p>
<p>Solid white then fades to black on top and bottom</p> 	<p>Connected to Wi-Fi</p>

MEDIA PLAYBACK AND VOLUME STATUS

LIGHT RING ACTIVITY		SYSTEM STATE
Two lights on the top and two lights on the bottom glow white		Paused audio
White light fills clockwise		Increase volume
White light fades counter-clockwise		Decrease volume

BLUETOOTH CONNECTION STATUS

Shows the *Bluetooth* connection status for mobile devices.

Power light

LIGHT ACTIVITY

SYSTEM STATE

Blinking red and white

Slow charging from inappropriate power supply

NOTE: For best results, make sure to use the power supply and power cord provided with the speaker. Other power supplies and power cords may charge the speaker more slowly or take a long time to power on the speaker when the battery is discharged.

UPDATE THE SPEAKER

The speaker updates automatically when connected to the Bose app and to your Wi-Fi network.

DISABLE/ENABLE WI-FI

Press and hold Play/Pause ▶|| and the *Bluetooth* button  for 5 seconds until the light ring fills with white light.

NOTE: When Wi-Fi is disabled, you can't use the Bose app or your voice assistant to control the speaker.

CONNECT A BOSE SOUNDLINK *BLUETOOTH* SPEAKER OR BOSE HEADPHONES

With Bose SimpleSync™ technology, you can connect certain Bose SoundLink *Bluetooth* speakers or Bose headphones to your Bose Portable Smart Speaker for a new way to hear your music.

Benefits

- **Another room of audio:** Listen to the same song in two different rooms at the same time by connecting your Bose SoundLink *Bluetooth* speaker to your Bose Portable Smart Speaker.
- **A personal listening experience:** Hear your music clearly from the next room by connecting your Bose headphones to your Bose Portable Smart Speaker. Use independent volume controls on each product to lower or mute your speaker while you listen on your headphones around your home.

NOTE: SimpleSync™ technology has a *Bluetooth* range of 30 ft (9 m). Walls and construction materials can affect reception.

Compatible products

You can connect most Bose SoundLink *Bluetooth* speakers and select Bose headphones to your Bose Portable Smart Speaker.

Popular compatible products include:

- Bose SoundLink Revolve+ *Bluetooth* speaker
- Bose SoundLink Mini *Bluetooth* speaker
- Bose SoundLink Color *Bluetooth* speaker
- Bose Noise Cancelling Headphones 700
- Bose QuietComfort 35 wireless headphones

New products are added periodically. For a complete list and more information, visit: worldwide.bose.com/Support/Groups

Connect using the Bose app

Use the Bose app to connect your Bose SoundLink *Bluetooth* speaker or Bose headphones to your Bose Portable Smart Speaker. For more information, visit: worldwide.Bose.com/Support/Groups

NOTES:

- Make sure that the product you're connecting to is powered on, within 30 ft (9 m) of your Bose Portable Smart Speaker, and ready to connect to another device. For more information, refer to your product owner's guide.
- You can connect only one product at a time to your Bose Portable Smart Speaker.

RECONNECT A BOSE SOUNDLINK *BLUETOOTH* SPEAKER OR BOSE HEADPHONES

Use the Bose app to reconnect your Bose Portable Smart Speaker to a previously-connected compatible Bose product.

For more information, visit: worldwide.Bose.com/Support/Groups

NOTE: Your Bose Portable Smart Speaker must be within range (30 ft or 9 m) and powered on.

CLEAN THE SPEAKER

Clean the surface of the speaker with a soft, dry cloth.

CAUTIONS:

- Do NOT use any sprays near the speaker. Do NOT use any solvents, chemicals, or cleaning solutions containing alcohol, ammonia, or abrasives.
- Do NOT allow liquids to spill into any openings.

REPLACEMENT PARTS AND ACCESSORIES

Replacement parts and accessories can be ordered through Bose customer service.

Visit: worldwide.Bose.com/Support/PHS

LIMITED WARRANTY

This product is covered by a limited warranty from Bose, available at worldwide.Bose.com/Warranty

To register your product, visit global.Bose.com/register for instructions. Failure to register will not affect your limited warranty rights.

TRY THESE SOLUTIONS FIRST

If you experience problems with the speaker, try these solutions first:

- Power on the speaker (see page 35).
- Charge the speaker (see page 34).
- Secure all cables.
- Verify the state of the speaker (see page 36).
- Download the Bose app and run available software updates.
- Move the speaker and mobile device away from possible interference (wireless routers, cordless phones, televisions, microwaves, etc.).
- Move the speaker within the recommended range of your wireless router or mobile device for proper operation.

OTHER SOLUTIONS

If you could not resolve your issue, see the table below to identify symptoms and solutions to common problems. If you are unable to resolve your issue, contact Bose customer service.

Visit: worldwide.Bose.com/contact

SYMPTOM	SOLUTION
Speaker doesn't power on	<p>Battery may be in protection mode or discharged. Connect your speaker to the power cord.</p> <p>NOTE: For best results, make sure to use the power supply and power cord provided with the speaker. Other power supplies and power cords may charge the speaker more slowly or take a long time to power on the speaker when the battery is discharged.</p> <p>Plug the power cord into a different AC (mains) outlet.</p> <p>Unplug the power cord, wait 30 seconds, and firmly plug it back in to the AC (mains) outlet.</p>
Speaker doesn't power off	<p>If Wi-Fi has been set up using the Bose app, press and hold the Power button until the power light has turned off.</p> <p>If Wi-Fi hasn't been set up using the Bose app, press the Power button once to power off the speaker.</p>

SYMPTOM	SOLUTION
Speaker doesn't respond during setup	<p>Make sure you are using the Bose app for setup.</p> <p>NOTE: If the app doesn't prompt you for setup, go to the My Products screen and add your speaker.</p> <p>Unplug the power cord, wait 30 seconds, and firmly plug it back in to the AC (mains) outlet.</p>
Bose app doesn't work on mobile device	<p>Make sure your mobile device is compatible with the Bose app and meets minimum system requirements. For more information, refer to the app store on your mobile device.</p> <p>Uninstall the Bose app on your mobile device then reinstall the app (see page 17).</p>
Speaker doesn't connect to Wi-Fi network	<p>In the Bose app, select the correct network name and enter the network password.</p> <p>Make sure you connect the speaker to the same Wi-Fi network your mobile device is connected to.</p> <p>If your Wi-Fi network information has changed, see page 18.</p> <p>Enable Wi-Fi on the device you are using for setup.</p> <p>Close other open applications on your mobile device.</p> <p>If your router supports both 2.4GHz and 5GHz bands, make sure both your mobile device and the speaker are connecting to the same band.</p> <p>NOTE: Bose recommends giving each band a unique name to make sure you're connecting to the correct band.</p> <p>Reset the router.</p> <p>Uninstall the Bose app on your mobile device. Unplug the power cord, wait 30 seconds, and firmly plug it into the AC (mains) outlet. Download the Bose app and restart setup.</p>

SYMPTOM	SOLUTION
Intermittent or no audio	<p>Increase the volume on the speaker and mobile device.</p> <p>Stop other audio or video streaming applications.</p> <p>Switch to a different source.</p> <p>Play audio from a different application or music service.</p> <p>Make sure you're using a compatible <i>Bluetooth</i> mobile device.</p> <p>Restart your mobile device.</p> <p>Unplug the power cord, wait 30 seconds, and firmly plug it back in to the AC (mains) outlet.</p> <p>Make sure your speaker isn't muted. Unmute by pressing Volume up + or Volume down — on the speaker, or by using the Bose app.</p>
Speaker doesn't connect to a mobile device	<p>On your mobile device, turn the <i>Bluetooth</i> feature off and then on again. Remove the speaker from the <i>Bluetooth</i> menu. Connect again.</p> <p>Connect a different mobile device (see page 30).</p> <p>Make sure you're using a compatible <i>Bluetooth</i> mobile device.</p> <p>Remove the speaker from your mobile device <i>Bluetooth</i> list. Connect again (see page 31).</p> <p>Clear the speaker device list (see page 32).</p>
Speaker doesn't stream audio using AirPlay	<p>Make sure your speaker is powered on and in range (see page 35).</p> <p>Update your Apple device and speaker.</p> <p>Make sure your Apple device and your speaker are connected to the same Wi-Fi network.</p> <p>Make sure the speaker is up-to-date (see page 45).</p> <p>If you can't find the AirPlay icon  in the music app you are streaming from, stream audio from the Control Center.</p> <p>For additional support, visit: https://www.apple.com/airplay</p>
Speaker isn't visible to add to another Bose account	<p>Make sure sharing is enabled on the speaker using the Bose app.</p> <p>Make sure the speaker and your mobile device are connected to the same Wi-Fi network.</p>

SYMPTOM	SOLUTION
Google Assistant doesn't respond or play audio	<p>Make sure Google Assistant has been set up using the Bose app (see page 24).</p> <p>Connect your mobile device to Wi-Fi.</p> <p>Make sure you're in a country where Google Assistant is available on this product.</p> <p>Make sure you are using the most up-to-date version of the Google Assistant app.</p> <p>Make sure the wake word is enabled (see page 25).</p> <p>Make sure your mobile device is compatible.</p> <p>Remove Google Assistant from the speaker using the Bose app. Then, add Google Assistant again.</p> <p>Choose Pandora or Spotify as your default audio service (see page 27).</p> <p>Make sure you use the same audio service account on the Bose app and Google Assistant app.</p> <p>Google Assistant may not support your request. New features are added periodically.</p> <p>For additional support, visit: https://support.google.com/assistant</p>
Change Google Assistant personal result setting	<p>To turn off personal results or change the account for personal results, use the Settings menu in the Google Assistant app.</p>
Alexa doesn't respond	<p>Make sure Alexa has been set up using the Bose app (see page 17).</p> <p>NOTE: The speaker must be set up and connected to your Wi-Fi network using the Bose app.</p> <p>Make sure you're in a country where Alexa is available on this product.</p> <p>Make sure the light above the Microphone off button  is not glowing red. Press  to turn on the microphone.</p> <p>Make sure you say the name you assigned in the Bose app. If multiple speakers have the same name, use the name assigned in the Alexa app or change the name in the Bose app.</p> <p>Remove Alexa from the speaker using the Bose app, then add Alexa again.</p> <p>Alexa may not support your request. New features are added periodically.</p> <p>For additional support, visit: https://www.amazon.com/usealexa</p>

SYMPTOM	SOLUTION
Speaker doesn't connect to a Bose SoundLink Bluetooth speaker or Bose headphones	Make sure that your Bose SoundLink <i>Bluetooth</i> speaker or headphones are powered on, within 30 ft (9 m) of your Bose Portable Smart Speaker, and ready to connect to another device. For more information, refer to your product owner's guide.
Speaker doesn't reconnect to a previously-connected Bose SoundLink Bluetooth speaker or Bose headphones	Connect using the Bose app (see page 47).
Delayed audio from a connected Bose SoundLink Bluetooth speaker or Bose headphones	<p>Not all Bose SoundLink <i>Bluetooth</i> speakers and headphones can play audio in perfect sync when connected to the speaker. To check if your product is compatible, visit: worldwide.Bose.com/Support/Groups</p> <p>Install any available software updates for your Bose SoundLink <i>Bluetooth</i> speaker or headphones. To check for updates, open the appropriate Bose app for your product on your mobile device or visit btu.Bose.com on your computer.</p>
AC power adapter doesn't connect to power supply	Depending on the region you purchased the product in, your power supply may not be compatible with the power adapters provided for other regions. To purchase a power supply that's compatible with power adapters, contact Bose customer service. Visit: worldwide.Bose.com/contact

RESET THE SPEAKER

Factory reset clears all source, volume, and network settings from the speaker and returns it to original factory settings.

Press and hold the Volume up button **+** and the *Bluetooth* button **⌘** for 10 seconds until the light ring fills with white light.

The speaker reboots. When the reset is complete, the light ring glows solid amber.

Restore the speaker network and audio settings

Set up the speaker using the Bose app (see page 17).
